AN UNEXPECTED JOURNEY:
FROM ENGLISH TEACHER TO RAF CHAPLAIN

God calls all of us, to all kinds of things. It's an adventure. It's a journey of surprises. It certainly has been for today's speaker.

In following God's call, Kate has taught English, studied theology, worked in parishes, been a university chaplain, taught at Cranmer Hall Durham, tutored preachers, written some books, done stand-up comedy, recently completed military training and started as an RAF Chaplain.

Sometimes she has found the path daunting, sometimes risky, sometimes hard... but, she says 'it's never, ever, been dull'. She reflects, 'I've been a bit flaky, sometimes fragile, often an idiot. God has been faithful, full of love, patient and present. God's goodness is overwhelming.'

If you'd asked a younger Kate what the road ahead looked like she would have answered 'I'll be an English teacher.' She was and she loved it, but the possibilities with God are always so much more than we can imagine.

What's your passion? What are you drawn to? What are the possibilities? Come along to this vocations day and do some dreaming with God, the God of Surprises. Where will the journey take you?
